ADDITIONAL INFORMATION

EU and international experience

Juan Montero holds a PhD in EU law, was a Blue Book stagiaire at DG COMP in 1998 and is actively engaged in the analysis of EU law and policy as Director in the Florence School of Regulation – Transport Chapter of the European University Institute (Florence).

He has extensively published on the regulation of network industries: institutional aspects (independent regulatory authorities), network access regulation, public service obligations, application of competition law in regulated industries. Publications on transport (railways and aviation), telecoms and postal services.

His main research line at the moment is the regulation of digital platforms, as the new network industries. He has extensively published on the regulation of platforms in traditionally regulated industries such as telecoms, transport and energy, and companies such as Uber and BlaBlaCar.

He has provided advice on institution building and regulatory policies to the OECD, the European Parliament and national public authorities and companies in the EU (France, Italy, Spain) also in countries as different as Ukraine, Senegal and Suriname.

Juan Montero has 20-year experience in regulatory affairs. He was Director of Regulatory Affairs for Southern Europe in MCI (2001-2002) and since then, ha has been providing legal advice on complex regulatory and antitrust matters across several jurisdictions (Spain, Italy, Portugal).
